Voyager Creed

We are Voyagers like ancestors of old. We are strong,
inventive, courageous, and filled with wonder.

Sailing seas of knowledge, we seek understanding and
use it with compassion.

Looking forward, we honor the past to better see our
future. We will find hope and success in spite of wind
and change.

With our eyes open to the heavens, fixed on guiding
lights, we know ourselves, our space, our time.

We will seek, we will find, we will know new horizons.

We are Mighty Voyagers!
